

## ACTRESS NAN PATTERSON'S FATE IS PLACED IN HANDS OF JURY

First Ballot This Afternoon is 9 for  
Acquittal 3 for Conviction.

JURY RECESSED FOR LUNCH AT 2:30 O'CLOCK.

Recorder Goff's Charge Finished at One O'clock This  
Afternoon Considered Very Impartial--Floradora  
Girl Shows Strain of Ordeal Through  
Which She is Passing.

NEW YORK, May 3.—The fate of Nan Patterson, the Floradora girl who has been tried three times on the charge of murdering "Caesar" Young, now rests with the jury.

The case went to the jury in Recorder Goff's court at 1:02 o'clock this afternoon after a charge from the court which is considered very impartial.

At 2:30 this afternoon the jury was excused for luncheon. Up to that time one ballot had been taken. This ballot stood 9 for acquittal and three for conviction. The jury will return at 3:30 to resume its deliberations.

New York, May 4.—The love and death tragedy of Nan Patterson is near completion and the final chapter written today will tell of either freedom or death for the stage girl. Recorder Goff today charged the jury which began its deliberation at 1:02 this afternoon. Nan Patterson awaited the outcome of her trial in the prisoners' pen.

Outside the mawkins crowd awaited the verdict not yet satiated with the sensations of other days and wondering how Nan would take the verdict. Women there were among this crowd ready to exult or commiserate with the woman, whatever the verdict may be. Nearly a hundred policemen were stationed throughout the corridors of the court building today to keep back the throng and preserve order.

Miss Patterson this morning showed the effects of the terrible strain.

"Tonight," she said, "I hope to be free and on my way to my mother at Washington."

There was a remarkable scene in the women's prison this morning just before the actress was led away to face her fate. The women prisoners with whom she is popular pined after her and wished her "good luck."

Nan Patterson spent a fearful night in prison. Haunted by the ringing denunciations and the blackness of the state's case, the girl tossed upon her cot, the victim of her own contending emotions. Many times her sister comforted her. The dull faced girl, her countenance unchanged and unmoved in the tense hours that had gone before, had broken at last. Pale and wan she stood outside her cell door this morning and permitted sympathetic women prisoners to kiss her.

Dressed in deep black she walked to her seat beside her counsel. She glanced half inquiringly at the jury and turned away, as if fearing to read her fate there. Her fate was there and soon to be known. No wonder the pale face with two touches of red not her own (?)

Recorder Goff spoke in that still soft voice hardly heard beyond the jury box. He began his charge by stating that the jury must confine itself to the facts and not be permitted to be influenced by outside distractions such as artifices of counsel.

The recorder said there was nothing exceptional in the case which should cause any juror becoming excited. He spoke of the "idle maudlin" curiosity which had been evidenced by the large crowds and said that these exhibitions should have no influence upon them.

"You must discharge your duty and you must not consider how your action may be taken by others."

Recorder Goff said the jury must not consider what the life of the defendant had been, but must give her the same consideration that any woman, no matter what her position, should have. The recorder said the occupation, mode of life and character of the deceased was also beside the issue. He declared that the worth or worthlessness of the person in this tragedy was not to be considered.

### NAN'S SILENCE

Says Prosecutor Rand, is a Confession  
of Her Guilt—Pleads for Girl's  
Conviction.

New York, May 3.—The jury now has the case of Nan Patterson, the former show girl, who is accused of the murder of the bookmaker, Caesar Young. When court convened this morning, Recorder Goff began his charge and finished before noon. The fair defendant bears up well and is confident of being acquitted. At the close of the argument, after Prosecutor Rand had arraigned her in the most scathing terms; had asserted that her silence in this trial was a confession of her guilt; had declared that her sister had lied on the stand, and that her counsel had based his plea for her life on a foundation of fabrications, Nan Patterson said she still felt confident that the jury would bring in an early verdict of acquittal. "Mr. Rand is a fine orator," she declared, "but I know these twelve men will not hang a girl on oratory."

Prosecutor Rand, in concluding his argument, said: "And now as to the morning of the tragedy. Young has been described as being in a happy mood. And what were the reflections passing through the defendant's mind as beside him she rode in a cab down town? In her drug-racked brain she did not hear the words, 'Nan, you've lost! you've lost! Caesar is going back to real love, to his only love—to his wife—to the woman that saves his money and adorns his home; back to the woman he has cherished.' Then the murder in her heart was flamed into action and she shot and killed—a little crack, a puff of smoke, and a dead man lay prostrate in this woman's lap and the wages of sin were paid. This woman, through all this rehearsal of her degradation and portrayal of vice and crime, in which the name of Young has been mentioned at least one hundred times a day, has

must accept the instructions as I give you upon the question of law."

Recorder Goff said all arguments of counsels to the court and efforts to get in evidence not permitted must be disregarded. Any suggestions, conveyed by questions ruled out, must be excluded. The recorder said the jurors could consider what motive if any, actuated any witness.

"You can reject any part of a witness' testimony or all of the testimony if you so find. That is for you to determine."

The recorder said the main and chief question was whether the defendant killed Bookmaker Young or not. The degrees of homicide, being murder, manslaughter, excusable homicide and justifiable homicide were then explained.

The recorder said that counsel on both sides declared that it was either murder in the first degree or nothing, but that the jury was not bound in any way by such contention of counsel.

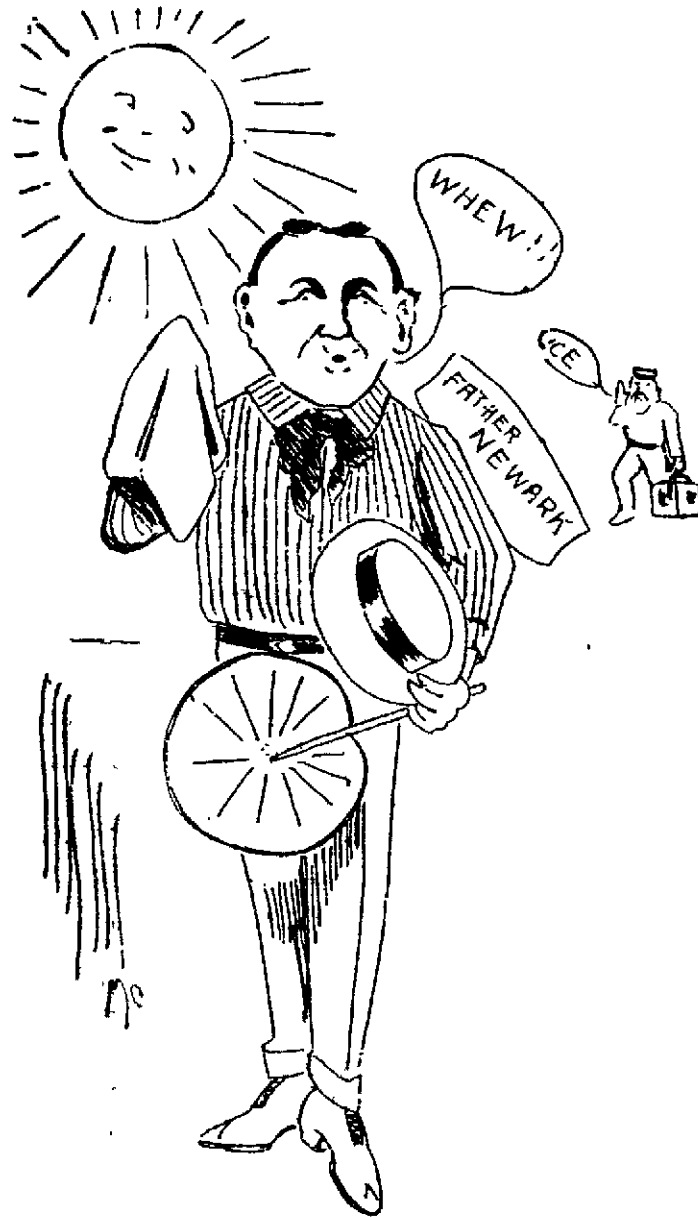

The recorder quoted the rulings of the higher courts on what constitutes the various crimes.

"The prosecution contends that the defendant had a design to kill Young and that she took a loaded revolver in a cab to do it," he said. The recorder said the crucial question was "Did the defendant kill Young?" He continued: "You are not to speculate whether Young shot himself or not. You are to determine whether the defendant killed Young. If you wander from that question you will become enmeshed in speculation."

### CHAOS IN CRETE

Protective Powers Urged to Adopt  
Energetic Measures to Restore  
Quiet.

Rome, May 3.—A report from Crete, which wishes to unite with Greece, says the situation in that island is very grave, the insurrection having taken the character of brigand methods, with theft, murder, incendiarism and outrages upon women. The local force being inadequate to cope with the situation—indeed eight gentlemen have already been killed—Prince George himself has asked Italy and other protective powers to adopt energetic measures and send a battalion each to check the insurrection, which only nominally has for its object the union of the island with Greece.

OLD SOL IS GETTING BUSY.

## BLOOD FLOWS IN CHICAGO

Now Believed National Guard Will be Called Out--Express  
Companies Have Been Refused Federal Troops for  
the Present--Day of Violence in Strike

Chicago, May 3.—Blood began flowing early today in Chicago's riot ridden streets. Sluggers armed with hickory canes, knives, brass knuckles and blackjacks, made indiscriminate attacks upon citizens without regard to age or the calling of their victims.

While his negroes imported from the south were beating citizens with clubs and blinies or slashing at them with daggers, Strike Breaker Curry, his head cracked by blows thrown at him in yesterday's disturbances, lies in a critical condition, surgeons almost despairing of his recovery.

The Catholic priest who was slugged is Rev. Father Reilly. He had gone to visit Thomas Atkins, who had been terribly beaten by six negroes. Besides the priest and Atkins four other men were stabbed or beaten at the same place by the same gang, all of them being subsequently arrested. One of the victims is in a hospital, not expected to live. He is Wm. Rogers, stabbed several times in the back and otherwise injured. Another person fatally injured is Witt Jameson, who was jerked from a trolley car and beaten almost to a pulp.

The injured.

Rev. Father Reilly, assistant pastor of St. Cecilia's Catholic church, beaten while returning from a visit to a man injured by sluggers.

Thomas Atkins, stabbed in the head, neck and shoulders, taken home; may die.

Wm. Rogers, stabbed in back, cared for at a physician's office and taken home; may recover.

Denis Hagerly, beaten with clubs and blackjacks, taken home.

Thomas Kelly, head and shoulders badly hurt with hickory canes.

John McCue, beaten with hickory canes and blackjacks.

Witt Jameson, laborer, dragged from a Twenty-sixth street trolley car platform at Stewart avenue by six colored men, who with hickory canes beat him into insensibility; taken to the Peoples hospital; may die.

Edward Bell, dragged from another Twenty-sixth street trolley car at Stewart avenue, by the same six men who inflicted severe wounds on his head and shoulders, taken to the county hospital.

With 1700 policemen on strike duty, and 1000 special police to be sworn in as fast as possible, the Employers' Teaming company began operations on a still more extensive scale today. Six hundred retail delivery wagons were sent out in addition to several hundred wholesale trucks.

This morning expecting to be sworn in as deputy U. S. marshals. When told they were expected to drive teams they rebelled and deserted the ranks of the strike breakers. A gang of negro strike breakers arriving this morning was met by a self-constituted guard of labor element. In the clash following several were badly hurt.

United States Marshall Pierce this morning arrested Michael Hogan, a union teamster, on the charge of violation of the federal injunction. This is the first arrest for injunction violation. A wagon of the U. S. Express company, was taking a million dollars from the railroad station to the suburbs. Hogan, it is charged, drove a team into the wagon, causing a blockade. The police declare non-union men are being given liquor. Lieutenant Colonel Yeatman, acting commandant at Fort Sheridan, is reticent concerning the prospect of sending federal troops to Chicago. The police reports show scores of minor riots. Express wagon drivers are now armed with Winchesters.

Springfield, Ill., May 3.—Adjutant General Scott this morning stated that he was not aware of the government being asked to send troops to Chicago and all the information they had on the subject had been gleaned from the newspapers. However, it is known that the matter of arranging for the sending of troops to Chicago in case a call is made, is under consideration and that the four regiments in Chicago can be put under arms within an hour if necessary. It is said two telegrams have passed between the adjutant general's office and General Moulton in Chicago.

### CHICAGO RIOTING

Guns, Clubs, Stones Used by Maddened  
Mobs—Non-union Men Fire Into  
the Crowds.

Chicago, May 3.—The death of one man and the injury of scores of others was the immediate result of the fighting between the striking teamsters and their sympathizers on the one side and the police and the non-union men on the other. There were riots in all parts of the city. Men were clubbed and stoned almost to death within a square of police headquarters, and five miles away men were shot down in the streets. At a hundred places between these two extremes of distance there were assaults and fights in the streets. Blood was shed on State street, in the heart of the fashionable shopping district, and furious riots took place in the doorways of leading hotels. Nonunion men were pelted with stones, bricks and every other conceivable sort of missiles. They were dragged from their wagons, beaten, clubbed and stamped upon. The mobs that followed the wagons on which they rode were bent on mischief, and but for the splendid service rendered by the

## GREAT EXCITEMENT PREVAILS IN WARSAW.

Warsaw, May 3.—The greatest excitement prevails throughout the city today which is the 114th anniversary of the proclamation of the Polish constitution by the last Polish king. Strong patrols of soldiers and police are on guard. A man was arrested in a suburb of Wola this morning.

police force the list of dead would be 20 instead of one.

In return the nonunion men, although hopelessly outnumbered in every way, fought desperately. In several instances they drew their revolvers and emptied them in the crowds that pressed around their wagons, pelting them with stones and threatening their lives. The hack drivers especially were quick with their weapons. Many of the nonunion drivers carried heavy clubs, and they swung them with terrific effect. As far as can be ascertained the list of injured amounts to about 40, but it is far short of being accurate. Many men who were in the mobs that attacked the wagons went down before the clubs of the police and of the wagon guards, but they were carried away by their friends and there is no chance of learning their names or even guessing at their number.

Stand of Team Owners.

The Team Owners' association, which employs none but union teamsters, has flatly refused to make deliveries to any of the firms now involved in the strike when ordered to do so by the Employers' association. When the employers received this ultimatum they notified the team owners that unless the request that no discrimination be made in deliveries be complied with, an effort would be made to have all existing contracts between the team owners and the business houses and the railroads canceled. This did not change the team owners' attitude, and they persisted in their refusal to take part in the strike. The railroad men, contrary to the hopes of the members of the Employers' association, did not exert the influence on the team owners that was expected. They took practically the same stand, declaring that the fight was something into which the railroads did not properly enter; that they had contracts with the team owners; that these contracts were at present being fulfilled to their entire satisfaction, and they could see no reason why the railroads should be dragged into the struggle.

Judge C. C. Kohlsaat of the United States circuit court, at the request of the attorneys representing express companies, issued a temporary injunction restraining all persons from interfering with the wagons of the petitioners or the men employed upon them.

Four Shot Down.

Four men were shot in the riot at Polk street and California avenue. This trouble was the result of an attempt of the United States Express company to deliver goods on the far west side without police protection. The wagon was sent from the downtown bars, guarded by officers, but they left it at Halsted street, one mile west of the business section. The wagon, which was in charge of Burt Guiles and Paul Bastian, proceeded to Polk street and California avenue without interruption. A hail was made here and a crowd continually gathered, threatening and cursing the two men on the wagon. In a few minutes stones and clubs began to fly, and an attempt was made to drag Guiles and Bastian to the ground. Guiles drew a revolver and fired directly into the crowd. The bullet struck Lyde McDowell in the left hip. The crowd broke and fled, leaving McDowell lying on the ground, and the wagon drove on. The report that a man on the wagon had killed a man spread rapidly, and by the time the wagon had reached Madison street and Oakley avenue the crowd again closed in, pelted the men with stones and attempted for the second time to pull them down. Guiles again drew his revolver and opened fire on the crowd. His first shot struck Albert McIlvaine in the back, inflicting a wound which may prove fatal. William Bass was shot in the left leg below the knee and J. Erickson was shot in the right arm above the elbow. Guiles and Bastian were arrested.

Charles Beard was struck on the forehead in the fight near the Auditorium hotel. He died of a fractured skull at the Mercy hospital, where he had been taken.

Over 22,824,299 acres of the public lands were transferred to homesteaders during the past year.

carrying a bomb. At Lodz a crowd attacked a number of policemen. A sergeant was killed and a detective was wounded. Soldiers fired into the crowd killing four and wounding three. The Jews in Bessarabia province are greatly excited as the result of anti-Semitic proclamations. They fear a massacre and demand protection.

## STRIKE IN POLAND

Armed Peace Prevails Following Savage Celebration of May Day—The Casualties.

St. Petersburg, May 3.—Armed peace prevails in Poland, following the savage celebration of May day. Warsaw, Sosnowice, Lodz, Kalisz and other industrial centers had no repetition of Monday's rioting and bloodshed, but order was maintained only by the strong hand of military force. The first fruits of Monday's sowing is a formidable strike of angered workmen, which is spreading widely, setting free thousands of employees and increasing the difficulty of the authorities in preserving order. Long continued industrial troubles, however, have impoverished Polish workmen, and starvation will be an active ally of the government in bringing about a resumption of work. The minimum estimates from official sources place the number killed and who died in the hospital as the result of the disturbances at least 50, and probably this will be swelled by additions of further deaths to 100 or more.

## EQUITABLE CASE

By Hyde—The Statement is  
"Immaterial."

New York, May 3.—It is reported that the Frick investigating committee summoned James W. Alexander before it and asked him to resign his place as president of the Equitable Life Assurance society. Frick said that although he could not promise it for a certainty, he would try to get Mr. Hyde to retire, temporarily any way, if Alexander would resign. Frick did not criticize Alexander's administration of the office he has held so long, but said it must be obvious that his period of usefulness was over and nothing but his retirement would accomplish what the committee is striving for, the end of the controversy.

## Women as Well as Men Are Made Miserable by Kidney Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and immediate effect of **Swamp-Root** is soon realized. ## DENISON WILL NOT PROFIT BY FUND

FEW OF OHIO'S COLLEGES WILL DERIVE BENEFIT FROM CARNEGIE CASH.

State Institutions and Sectarian Schools Are Barred Under Terms of the Donation.

President W. O. Thompson of the Ohio State university, says of the Carnegie fund for the pensioning of aged professors:

"It is a very important movement to all colleges to which it applies. Unfortunately it does not apply to a considerable number of colleges under the control of the church where the support is as much needed and would be as much appreciated by the public.

"These church institutions are where the professors have made distinctly the greatest sacrifices for the cause of education."

Ohio colleges in the main will not profit from the Carnegie fund. Under the terms of the donation as outlined in Carnegie's letter, State institutions and sectarian colleges will be barred.

This will exclude such colleges as Denison at Granville, Ohio State university, Ohio Wesleyan, Wooster, Muskingum, Kenyon, Wittenberg, Otterbein, Cincinnati university, Ohio university, Miami and Hiram.

Among those which will participate in the benefits are Western Reserve, Case school, Marietta and Oberlin, and perhaps Buchtel college, Akron. Those barred as sectarian are shut out under the ruling which requires the trustees to be sectarian.

Bound Over by Mayor on Charge of Stealing a Grip and Package from Interurban Car.

J. W. Burton, a molder, recently of Dayton, Ohio, made a strong plea for clemency in Mayor Crilly's court Wednesday afternoon when he was given a trial on a charge of stealing a sample case and contents and a package from Henry Bush, a well known traveling salesman.

Bush was a passenger on an interurban car from Columbus Tuesday night shortly before midnight, and when he made ready to leave the interurban station, his sample case and a package containing 100 mantles was missing, all valued at \$49.

The conductor noticed Burton leave the car at Union and West Main streets with the goods. The police were notified and Chief Sheridan with the captain went at once to a West Main street saloon where the man was captured with the goods in his possession.

He was arrested and taken to the police station and at the trial Burton pleaded that he was intoxicated and believed that the goods were his, as he had a grip and a package when he left Dayton in the afternoon. The mayor bound him over to the grand jury under bond in the sum of \$300.

**League Leaders Pleased.**  
Columbus, O., May 3.—Anti-Saloon league leaders here are much pleased with the decision of the state supreme court, which holds the Brannock local option law to be constitutional and valid. The decision of the court was unanimous. The case came from Franklin county. The points of attack upon the Brannock law were: First, that the legislature attempted to enact a law which would empower the voters of an arbitrary district to call a penal act into force; second, that the Brannock law was a law of general nature, but not of uniform operation throughout the state; third, that it contravenes sections one and two of the first article of the constitution of the state, and fourth, that it contravened the fourteenth amendment of the constitution of the United States.

Supt. Simkins to Speak at Commencement—Sunday School Convention. Appleton News.

Appleton, May 3.—J. H. Broughton & Company have commenced drilling on the Park DeCraw farm for the Bennington Gas and Oil company.

Ruffner Bros. slid their rig last week and have begun drilling a second hole, having got down about 1700 feet and lost a bit in No. 1.

Mr. Peter Myers received the sad news one day last week that his brother in Virginia had died very suddenly. Mr. Myers left immediately for that place. It will be remembered that the deceased visited his brother Peter Myers last fall.

The Bennington township school commencement will be held on June 18 in the evening. Prof. Simkins of Newark will deliver the class address. Music will be furnished by the Alexandria orchestra. Please bear this in mind and let there be a good turnout.

The Sunday school convention was well attended and good interest was manifested throughout. The program in last week's issue was carried out. The speakers were C. W. Shinn of Granville, A. E. Taylor of Alexandria, A. T. Nelson of Ashland and Miss Bessie Mast of Millersburg. Rev. Mr. McDaniels of Croton was present and took part. A large delegation of Hartford township people were present.

Misses Blanche and Pearl Blinn of Vanatta are visiting friends here. Master Charles Edgerly was taken quite sick at school one day last week and had to be taken home. He is better at his writing.

The pupils of this township will take notice that on May 13 there will be an examination held for all those wishing to be promoted, to take place at the high school building between the hours of 9 a. m. and 4 p. m.

Our schools have nearly all closed for the year. Greenbrush will close this week.

The school board meets next Saturday.

## WOULD YOU HAVE A BEAUTIFUL COMPLEXION

How to Secure One and Enjoy the Best of Health in Nature's Way.

Healthy beauty is the only kind that charms. Of what avail is the sallow prettiness of an invalid? Artificial beauty obtained by the use of lotions, washes and powders containing lead, zinc and bismuth is but a travesty—easily seen through. It is the plumpness of flesh and pure blood that makes people attractive. You cannot have healthy, good looks, rosy cheeks and bright, snappy eyes unless your blood is pure, rich and real. You cannot have that symmetry of development, that radiance of beauty and that healthy glow to your skin which is a guarantee of a pure, vigorous blood supply unless your stomach, liver and bowels are working together right. If you are constipated if you have dyspepsia, indigestion or an occasional attack of biliousness, there is reason enough why you have a bad complexion, but that is no excuse for your using cosmetics to cover up defects. Better use Smith's Pinapple and Butternut Pills to cleanse the bowels of impurities, regulate the bowels and establish a normal condition of digestion and nutrition. Begin right and you will have no use for artificial beauty. Under the active influence of these wonderful little vegetable pills the blood is invigorated and enriched, the nerves are strengthened, the muscles take on new energy, the skin becomes rosy and red, showing the circulation is normal and active as Nature intended it should be. It is this plan, use Smith's Pinapple and Butternut Pills each night for two weeks and you will be astonished at the improvement. Depend upon it that these little pills will not only correct a bad complexion, but they always cure sick headache, constipation and biliousness in one night. Price 25 cents at all dealers. All genuine signed W. F. Smith.

The Czar's declaration of increased  
religious liberty made on Easter  
sounded like a hollow mockery in view  
of the massacres of the Polish people  
by his soldiers which have since oc-  
curred. Apparently his minions have  
no belief in and certainly are not in-  
spired by the sentiments which his  
various promises of reform would  
naturally seem to indicate. Thus far  
his reforms have largely been of the  
promissory character, while those  
that have actually been made have  
lost much of their effect because of  
the cruelties toward the people which  
have followed their declaration or im-  
itation. It is claimed that this latest  
declaration of religious freedom is  
only intended to deceive the people,  
and to serve as an excuse for refusing  
them any substantial benefits. It will  
be impossible to convince the relatives  
and friends of those who have been  
murdered during the last few days in  
Poland by his soldiers, of the genu-  
ineness of the Czar's reform profes-  
sions.

loughby Sunday at Newark.

For 1905 the assessed valuation of  
franchises in the city of New York is  
\$302,193,550. At the tax rate of \$1.51  
the annual revenue from these fran-  
chises would be over four and a half  
million dollars. The corporations re-  
sisted in the courts the payment of  
this tax and after a long legal battle  
the court of appeal, on April 28, 1903,  
unanimously sustained the tax.

Among the interesting facts about  
the new Pennsylvania railroad tunnel  
and terminal in New York are these:  
Total cost, \$60,000,000, in addition to  
the \$10,000,000 for the station site, on  
which were about 300 dwellings; daily  
train capacity, 900; passenger accom-  
modation daily, 201,000; men at work,  
about 10,000; time required for trip  
under the Hudson, two minutes.

## JACOB REICHERT

Who Was Taken to Sanitarium Died  
Before the Operation Was Per-  
formed by the Surgeons.

Jacob Reichert, the second son of  
Mr. and Mrs. Joseph Reichert, of  
North street, died Tuesday evening at  
10 o'clock at the East Main street San-  
itarium, after a brief illness from ob-  
struction of the bowels. Mr. Reichert  
was a firstclass brewer, and was in the  
employ of Charles Bingman at the old  
Korzenborn brewery. He attended to  
his regular duties as usual up to Sat-  
urday when he complained of stom-  
ach trouble, and so on Tuesday he was  
taken to the Sanitarium to have an  
operation performed. The young man  
seemed to be in excellent health, but  
he succumbed as the operation was  
about to be made. Mr. Reichert was  
born in Coblenz on the Rhine, about  
thirty-eight years ago. He had lived  
in Newark about nineteen years and  
had been connected with the Korzen-  
born brewery for seventeen years.

Mr. Reichert was a member of the  
St. Francis de Sales church and al-  
ways took an active part in the ad-  
ministration of religious affairs. He  
was married to Miss Mary Kreps of  
Shawnee, who, together with five chil-  
dren, Albert, Otto, Leo, Clara and  
Magdaline survive him. He is also  
survived by his parents, five brothers,  
John, Frank, William and Joseph, of  
Newark, and Antonio, a machinist,  
who is in the United States Navy de-  
partment at Washington, D. C., and  
three sisters, Mrs. Agnes Heckman  
and Mrs. Lonia Sutley of this city, and  
Mrs. Lena Stelzer of Streator, Ill. The  
deceased was a member of the United  
Brewers' Association. He was a good  
citizen and his death will be mourned  
by numerous friends. The funeral ser-  
vices will be held at the St. Francis de  
Sales church on Friday morning at  
9 o'clock, and solemn requiem high  
mass will be celebrated for the repose  
of his soul, will be celebrated. The  
interment will be made in Mt. Calvary  
cemetery.

## CHADWICK CASE

Prosecutor Would Have It Advanced  
on Docket, But ex-Judge Wing  
Opposes Motion.

Cincinnati, O., May 3.—The motion  
of District Attorney Sullivan of Cleve-  
land asking that the United States  
circuit court of appeals advance the  
hearing of the case of Mrs. Cassie L.  
Chadwick was heard in court. In his  
motion Mr. Sullivan argued that un-  
less the case is heard before the fall  
term of court justice will suffer.  
Through her counsel, Judge Wing,  
Mrs. Chadwick some time ago ob-  
tained from the United States court  
of appeals a stay of sentence, as a re-  
sult of which she will not be consid-  
ered as having commenced to serve  
her term of 10 years in the Ohio pen-  
itentiary until after the error proceed-  
ings shall have been heard and de-  
cided. The same court gave permis-  
sion for her to give bail, but she has  
not yet taken advantage of that per-  
mission. The court took the motion  
under advisement.

Former Judge Wing, counsel for  
Mrs. Chadwick, opposed the motion,  
maintaining that it would be a hard-  
ship for the defense to prepare the  
case for presentation at the June term  
of court, as the time was short and  
the papers would be voluminous.

## BUILDING COLLAPSED

And Six Columbus People Had Narrow  
Escapes From Death Last  
Evening.

Columbus, May 3.—The three story  
building at No. 150 High street caved  
in last night. Half a dozen people  
were in the building. All escaped. At  
the corner of High and Town streets  
the Hosters are excavating for a big  
office building. The building fell in  
with a crash that shook the downtown  
section like an earthquake. The fire  
department responded to an alarm and  
three persons were dug out of the de-  
bris. They escaped with slight bruises.

## TWELVE INNINGS TO DECIDE IT

NEWARK WINS THIRD GAME IN  
SERIES PLAYED WITH MT.  
VERNON BOYS.

Ragged Work and Numerous Argu-  
ments Over Decisions—Players Or-  
dered to the Bench.

Won. Lost. Percent  
1 2 333

The third game of the Idlewild-Mt.  
Vernon series was won by Idlewild  
Tuesday afternoon and although the  
score was close, requiring three extra  
innings to decide the contest, the play-  
ing of both teams was loose to say the  
least.

In addition to the ragged work of  
the players, numerous arguments en-  
sued over the decisions of Umpire  
Dickinson, and several times players  
were ordered to the bench and later  
in the game, Chief Sheridan stepped  
on the field and took a hand in the  
rag chewing. Manager Goodrich pro-  
tested against the interference of the  
police when the players were not fight-  
ing and Sheridan put him off the  
grounds.

The game opened up badly for the  
visitors. Lane was on the rubber for  
Newark and the Mt. Vernon hitters  
failed to get on his curves. The first  
three men were retired without trou-  
ble and it looked fine for Newark  
when Wratten, the first man up, hit a  
ball over left field fence for two bases.  
He scored later when the ball was hit  
to short stop.

Mt. Vernon's turn came in the  
fourth when the visitors landed heav-  
ily on Lane and it was necessary to  
take Linderbeck from left center field  
and put him in the box to save the  
day. Even then the three extra in-  
nings were necessary as both pitchers  
settled down to hard work.

In the twelfth, Walton led off with  
a hit and went to second on a single  
by O'Brien and was caught at first.  
Snodgrass took his place before the  
pitcher and hit one over the left field  
fence, scoring Walton and winning  
the game.

Snodgrass batted out of his turn in  
the twelfth but the mistake was not  
discovered until after the players left  
the field. No action has been taken in  
the matter.

Hollander at second did some great  
work in the field Tuesday. He took  
twelve chances without an error six  
being put outs. Clark batted hard for  
the visitors, getting a three-base hit  
and a two-base hit out of six times  
up.

Shortstop Humphreys is the man  
who won the praises from the fans.  
He caught infield flies, line drives and  
every kind of a ball that leaves a bat-  
ter's stick and none got away from  
him. The score:

## MISS DELLA BROWN WILL MARRY SOON

BUT SHE SAYS THERE IS NOTHING ROMANTIC ABOUT HER COURTSHIP.

Reported Here That Wedding is Result of an Advertisement—Girl Denies the Story.

"The many Newark friends of Miss Della Brown of Zanesville, will be surprised to learn of her approaching marriage to Mr. John Reimelmeier, a traveling salesman of Logansport, Ind." said a Newark man to the Advocate Wednesday. "Miss Brown and Mr. Reimelmeier announced their engagement before having met each other. Their courtship was carried on by correspondence and it is said that the love affair is the result of an advertisement in a matrimonial journal. The groom is a highly respected young man of Logansport. Miss Brown is a daughter of Mr. and Mrs. R. J. Brown of Zanesville, where the ceremony will be performed in the near future. The young couple will reside in Logansport."

### Not Romantic Says Miss Brown.

Zanesville, O., May 3.—Miss Della Brown was seen at the home of her parents Mr. and Mrs. R. J. Brown here today by the Advocate correspondent and was asked about her approaching marriage to Mr. J. H. Reimelmeier. Miss Brown laughed at the story circulated in Newark this morning to the effect that her wedding is the result of a matrimonial journal advertisement. "I spent four years in Indiana," said Miss Brown, "and while there met Mr. Reimelmeier. The engagement came about in the usual way. There is nothing romantic or sensational about it."

Miss Brown's parents confirm their daughter's statement. The banns were published last Sunday in St. Thomas church for the first time, but Miss Brown was not prepared today to say just when the marriage will take place.

Rev. John Reid, Jr., of Great Falls, Mont., recommended Ely's Cream Balm to me. I can emphasize his statement. "It is a positive cure for catarrh if used as directed."—Rev. Francis W. Poole, Pastor Central Pres. Church, Helena, Mont.

After using Ely's Cream Balm six weeks I believe myself cured of catarrh.—Joseph Stewart, Grand Ave., Buffalo, N. Y.

The Balm does not irritate or cause sneezing. Sold by druggists at 50 cts., or mailed by Ely Brothers, 56 Warren St., New York. mwftf

## TWICE WED,

And Yoder's Twenty-Sixth Child Was Born on His Forty-Eighth Birth Anniversary.

Johnstown, Pa., May 3.—J. I. Yoder, of Windber, yesterday celebrated his 48th birthday anniversary, and at the same time became the father of his 26th child, breaking all records for anti-race suicide in this section. Yoder is a native of Somerset county, where he now lives. He was first married when 14 years of age and had 14 children by that wife. On her demise he married a second time, and had 12 children by the second wife. Of the 26 1/2 are living, some of them being married, and Yoder has 10 grandchildren. He is engaged in driving a stage and maintains his family in comfort.

Friends are taking up the matter and will call President Roosevelt's attention to the case as soon as he returns from the west.

## FOURTH REGIMENT

Will Go Into Camp at Newark State Grounds on July 16, for One Week.

The Fourth regiment, O. N. G., will go into camp on the Newark camping grounds July 16. The date originally selected for the encampment was July 30, but owing to the fact that the Second regiment which was assigned to camp at Newark July 16, will go into camp at Urbana, July 24, Colonel Ammel was able to secure the earlier date. The Second regiment will be one of the features in connection with the Cham-paign county centennial on July 6.

Colonel Ammel is greatly pleased with the new date as it will give the men of his command a fine advantage in the contests, which will begin on the Newark range, July 24, under the auspices of the Ohio State Rifle Association. The Fourth will break camp July 23, but the men who have qualified for the rifle contests will remain.

Why Suffer From Rheumatism? Why suffer from rheumatism when one application of Chamberlain's Pain Balm will relieve the pain? The quick relief this liniment affords makes rest and sleep possible, and that alone is worth many times its cost. Many who have used it hoping only for a short relief from suffering have been happily surprised to find that after awhile the relief became permanent. Mrs. V. H. Leggett of Yum Yum, Tennessee, U. S. A., writes, "I am a great sufferer from rheumatism, all over from head to foot, and Chamberlain's Pain Balm is the only thing that will relieve the pain." For sale by all druggists.

STOP, WOMAN!  
AND CONSIDER  
THE ALL-  
IMPORTANT FACT

That in addressing Mrs. Pinkham you are consulting your private physician to a woman—a woman whose experience with women's diseases covers a great many years.

You can talk freely to a woman when it is revolting to relate your private troubles to a man—besides a man does not understand—simply because he is a man.

Many women suffer in silence and drift along from bad to worse, knowing full well that they ought to have immediate assistance, but a natural modesty impels them to shrink from exposing themselves to the questions and probably examinations of even their family physician. It is unnecessary. Without money or price you can consult a woman whose knowledge from actual experience is great.

**Mrs. Pinkham's Standing Invitation.**

Women suffering from any form of female weakness are invited to promptly communicate with Mrs. Pinkham, at Lynn, Mass. All letters are received, opened, read and answered by women only. A woman can freely talk of her private illness to a woman; thus has been established the eternal confidence between Mrs. Pinkham and the women of America which has never been broken. Out of the vast volume of experience which she has to draw from, it is more than possible that she has gained the very knowledge that will help your case. She asks nothing in return except your good-will, and her advice has relieved thousands. Surely any woman, rich or poor, is very foolish if she does not take advantage of this generous offer of assistance.

If you are ill, don't hesitate to get a bottle of Lydia E. Pinkham's Vegetable Compound at once, and write Mrs. Pinkham, Lynn, Mass., for special advice.

"When a medicine has been successful in restoring to health so many women, you cannot well say, without trying it, 'I do not believe it will help me.'"

VICIOUS STORMS  
COMING IN MAY

WITH PHENOMENAL WARM WAVE  
SAYS PROF. HICKS, WEATHER  
MAN.

Rain, Hail and Thunder and Lightning  
Are on the Hicks Menu for the  
Month of May.

Prof. Hicks prognosticates about May weather as follows:  
The First Storm Period—Regular:  
This period is central, coincident with the center of the Venus period, on the sixth, thus combining the Vulcan and the Venus perturbations exactly on the central day of both. The new moon, with moon also at greatest north declination are the other disturbing factors in this period.

Probable Results:—Threatening barometer readings and rapidly rising temperature will be noted in western parts as early as the 4th, with great and growing humidity and increasing storm conditions generally. It is almost certain that a phenomenally warm wave for the season will appear at the same time, and a series of very severe and violent storms will pass eastwardly over the country from about Friday, the 5th, to Monday the 8th. Vicious lightning and thunder, with downpours of rain and hail will attend these storms. Tornadoes are very probable in many localities, ample warning of which will appear in good time, to all who will exercise proper care and watchfulness. A sudden reaction to very cool will follow in the track of these storms, bringing frosts to most parts of the country in central and northern sections.

The Second Storm Period—Reactionary:—This period is central on the 12th, 13th and 14th. The disturbing factors at this time will be Venus, the Vulcan reactionary and moon at first quarter and on the celestial equator.

Probable Results:—All through the month of May there is a convergence and focalization of the sun's electric and magnetic energy, embracing all the central tier of states, hence the frequency of tornadoes and similar storms during this month. At this second storm period it will be wise to anticipate such storms—that is, do not suffer them to come upon you wholly by surprise. Have a place of refuge for yourself and family, watch the storm periods and the rising storms, and quietly go about your business, ready for emergencies. Marked thunder storms will occur on and touching the 14th, followed by sudden change to very cold.

The Third Storm Period—Regular:  
This period is central on the 17th, covering the 16th to 20th, inclusive. Added to the regular Vulcan force, this period has still the Venus disturbance and the full moon in perigee.

Probable Results:—Look for ominous fall of the barometer about the 17th, with corresponding increase of temperature, all followed by violent and wide-reaching storms of rain, hail and thunder. In every probability a daily cycle of heavy rains and thunder storms will set in at this time, repeating themselves about the same hour of the day and night for several days in succession. Almost to an absolute certainty there will be tornado storms here and there over the tornado belt, during this and other central May storm periods. But those who will watch their barometers and other sure indications of coming storms, having at hand places of safe resort, need suffer little dread and apprehension. Those who presumptuously, indifferently, negligently or defiantly prefer to let things drift and take their chances, must, of course, suffer the consequences.

The series of storms at this third period will terminate in a wide and sweeping storm of rain, wind and thunder, and be followed by high barometer and change to much cooler.

The Fourth Storm Period—Reactionary:—This period is central on the 22d, 23d and 24th. The Venus perturbation partially exists up to this period, without which fact, causes of storms would be reduced to a minimum at this time.

Probable Results:—Under the Venus influence, added to the peculiar solar phenomena in May, it is entirely probable that the daily series of thunder and rain storm period, may continue into this reactionary period. In such event, the general crisis or culmination of storms will come on and touching the 24th and 25th. In any event, storm conditions will be increased on these dates. Behind the storms will follow rising barometer and change to cooler—much cooler in northern and northwestern states.

The Fifth Storm Period—Regular:  
This period extends from the 27th to the 31st, being central on the 29th. The causes bearing on the period are Vulcan and Mercury equinoxes, with moon on the equator and in apogee.

Probable results:—The storms of this period will develop as early as the 28th in western parts, and falling barometer with more rain and thunder will advance eastward over the country during the last three days of May. Rising barometer and change to cooler will keep close on the heels of storms moving eastward.

General advice and caution:—As hinted in April forecasts, the Venus

period will bring excessive rains the first part of May, flooding lowlands. Farmers and others should keep such facts in mind. Do not lightly regard our warnings of possible danger. Let no foolish fears distress you, but do your duty in providing a refuge and watching the worst.

In 1904 the number of arrivals at Ellis Island was 600,000, the number for the entire country being 800,000. Of these 263,150 settled down in New York city, and the great majority of the remainder went to other cities as laborers, etc., where they are not needed.

In St. Petersburg late hours are the rule. The principal streets are generally crowded at one o'clock in the morning. Many of the theatres do not open before midnight.

Drink the Cause of More  
Crime In Our City

Another horrible tragedy in our midst, causing much excitement and bitter feeling, goes down a long line of crime in this country resulting from excessive use of liquor. The liquor habit is universally recognized by physicians as a disease. It can be cured by Orrine.

This meritorious cure is the result of over ten years' scientific research by a Washington chemist. It has been tested by physicians who pronounce it wonderful. We have made arrangements with the laboratories of the Orrine Company, Inc., of Washington, D. C. to furnish Orrine to people who are desirous of being freed from this horrible disease caused by the excessive use of whiskey, beer or other alcoholic stimulants. Orrine No. 1 (in powder form) can be given secretly in tea, coffee or food without the patient's knowledge. Orrine No. 2 (in pill form) is for those who desire to be free from the craving for alcoholic stimulants. We sell Orrine at \$1 per package, and the company guarantees to cure the craving or refund every cent paid for it. We do not hesitate to recommend it to you. F. D. ### AMUSEMENTS

On the occasion of the premiere performance of the Isle of Spice at the Majestic Theatre, New York City, where it ran for five months to phenomenal business, the New York Press has this to say: "The 'Isle of Spice' is full of ginger than any yet seen in New York. The person who believes he has an aesthetic temperament committed to his tender care may not go into raptures over the 'Isle of Spice'. It is not a production for the rare individual, but for the great, big good humored public. There is that mystic something that gives one a sense of elation before the first act is well under way. Perhaps it is the music, perhaps it is the stage setting; again it may be the bewitching attractiveness and delightful abandon of the chorus in full regiments, but whatever it is, a lifting feeling comes to the spirits, and before long the grumpiest person in the audience is joining in the applause." Auditorium tonight.

ALICE YORKE

aroused a large audience to genuine enthusiasm last night. Scidom indeed has a musical play been received as favorably in this city. It is rollicking good fun. The music is of the lifting kind; comedy forces hilarity, and the chorus is smarter, prettier and more

ment, if the Newark people do not care to support a good chorus. Quite an opportunity is afforded the people to hear the combined Newark and Granville choruses with a well trained orchestra of about forty pieces, at a general admission of 50 cents to any part of the theatre, seats being reserved without extra charge. Now, it is only a question whether the Newark music lovers want a good chorus to furnish good music; if they do, it will be proved by the patronage of this, its first enterprise.

Chamberlain's Cough Remedy the Very Best.  
"I have been using Chamberlain's Cough Remedy and want to say it is the best cough medicine I have ever taken," says Geo. L. Chubb, a merchant of Harlan, Mich. There is no question about its being the best, as it will cure a cough or cold in less time than any other treatment. It should always be kept in the house ready for instant use, for a cold can be cured in much less time when promptly treated. For sale by all druggists.

### TO THE PEN

She Wants to Send Her Son Because He Married—Doesn't Like His Wife.

Cleveland, O., May 3.—Mrs. John Adkins, of 57 Blaine street, called at Prosecutor Keeler's office yesterday to say that she wanted her son, Claude Adkins, sent to the penitentiary.

"He married without my consent," said Mrs. Adkins, "and he is only 19 years old. I do not like the woman he has chosen, and rather than see him her husband, I would have in the penitentiary."

Buckeye Lake Park opens May 14.

### MRS. VAN KIRK

OF GRANVILLE, STATE SUPERINTENDENT OF W. C. T. U.

Says That the Twin Evils of the Twentieth Century Are Alcohol and Tobacco.

Speaking of the meeting of the Woman's Christian Temperance Union, held in Chillicothe several days ago, the News-Advertiser of that city says: "The Woman's Christian Temperance Union met at the beautiful new home of Mrs. Rodman Jones on Caldwell street. The topic for the day was Anti-Narcotics."

Mrs. S. F. Seerest read a well written paper by Mrs. Humphrey, on the subject of "Mother and Home," in which it was clearly proven that while home is woman's kingdom, there are homes and organizations in her community that need her presence, her culture and her influence. Mrs. Groves represented the department of anti-narcotics by reading some paragraphs from the official letter of the state superintendent, Mrs. Lucy Van Kirk of Granville.

The latter affirms that the great twin evils of the twentieth century are alcohol and tobacco, and for the doubtful pleasure of using these, men and women waste money, squander time, defile their bodies, injure their mental powers, blunt their moral sensibilities and entail miseries on unborn generations.

Tobacco is a poison and nearly all boys use tobacco at ten years of age, drink intoxicating liquor, by the time they are fourteen, is the testimony of one of our eminent physicians.

### FROM HER SON

She Was Divorced and Given Custody of Husband by Error—Must File a New Suit.

Omaha, Neb., May 3.—To her unspeakable surprise and chagrin Mrs. Clara L. Russell has discovered that the decree of divorce, which she was granted in the District court here several months ago was from her infant son, Henry Jenkins Russell, instead of from her husband, George Henry Russell, as she had supposed.

According to the decree Mrs. Russell was divorced from her son and was given the custody of her husband. In filing out the decree the name of the son was written where that of the husband should have appeared, and the name of the husband was located vice versa.

Mrs. Russell appeared before Judge Sutton, who granted the decree. She was informed that there was no way by which she could rectify the error, and that in order to get a divorce from her husband it would be necessary to file a new suit.

A little life may be sacrificed to a sudden attack of crime. If you don't have the Thomas' Electric Oil on hand for the emergency.

### EDEN AT THE POLE

SUBJECT OF INTERESTING TALK AT WEST END CHAPEL.

Mr. Stovenour Developed Theory of Cooling at Poles With First Life on Earth There.

Rev. Fred Stovenour, A. M., of Portland, Ind., who will speak at the Christian Union chapel this evening on the "Personality of the Devil," addressed a very attentive audience at this chapel last evening, speaking on the unique subject "Eden at the North Pole."

Mr. Stovenour endeavored to prove from proper educational sources that the entire region within and around the arctic circle was once the finest climate and the most prolific of life and the most productive of vegetable life of any portion of the habitable globe. The entire trend of the argument was in this direction, using quotations from the most eminent educators of last quarter of a century.

The theory is a novel one, but of importance to every student who desires to know something of the condition of the ice-bound region of arctic circle. The theory of cooling at the poles first and life beginning there in harmony with relics of animal and vegetable life at one time abundant all over that country, was fully proved by unquestioned authority.

Many will doubtless hear Mr. Stovenour tonight on "The Personality of the Devil."

## STRONG PROGRAM FOR CONVENTION

PROMINENT PEOPLE WILL TAKE PART AT SUNDAY SCHOOL MEETING.

County Convention in Central Church of Christ, Newark, Three Days, Beginning May 16.

The program of the Licking County Sunday School convention is now completed. Everything has been done to make this the strongest Sunday school convention ever presented in Licking county. Some of the speakers who have been engaged are as follows:

Miss Harmie-Lee Frayser of Louisville, Ky., a primary worker of international reputation. Miss Frayser is the state primary secretary of Kentucky, and one of the foremost kindergarten workers of this country. Miss Frayser will deliver four addresses on topic of general interest. Dr. E. S. Lewis of Columbus, another of the speakers, is a man of very wide reputation as an educator. He is engaged as one of the instructors in the Winona teachers' training school. Dr. A. H. Lathrop of Granville, is a man who is widely known as a lecturer and Bible scholar. He has been engaged to give two Bible studies, one on "The Four Gospels," and one on "The Book of Revelation."

Hon. H. E. Baker of Zanesville, who spoke so acceptably at the convention last year, has been engaged this year to deliver two addresses before the convention, one on "Sunday School Management," and one on "Sunday School Organization." Mr. Baker is vice president of the Ohio Sunday school association and superintendent of one of the largest Sunday schools in Ohio.

Many other speakers have been engaged but space will not permit the mention of them here. Remember the dates, May 16, 17 and 18. The convention opens with the evening session on May 16, in the Central Church of Christ at Newark.

Entertainment will be furnished on the Harvard plan, lodging and breakfast only to those who send in their names to Mr. Harry Scott, 26 South Third street, Newark. All names should be in his hands by Saturday, May 13. The committee cannot guarantee entertainment to those who do not send in their names.

May 14 has been set apart as a day of prayer for the convention, and it is hoped that all schools in the county will observe it.

The schools which have not made their offering to county and state Sunday school work would confer a favor on the officers of the association by sending their offerings to the county treasurer, C. W. Shinn at 79 Ruggery building, Columbus, O. before the county convention. Each school is asked to contribute three cents per member.

## DR. E. W. HUNT

Of Denison University to Deliver Address at Commencement of Coshocton City Schools.

Coshocton, O., May 3—The annual commencement of the city schools will be held at the Sixth street theatre on Friday evening, June 9. The graduating class will be composed of 21 members.

The commencement address this year will be delivered by Dr. Emory W. Hunt, president of Denison university of Granville. The doctor is one of the leading educators of the country and an able and entertaining speaker. The baccalaureate sermon will be delivered to the graduating class by Rev. W. M. Hamilton at Sixth street theatre on the evening of Sunday, June 5.

The high school has again been continued on the accredited list of the North Central Association of Colleges and Secondary schools. The importance of this position and the high standard of the school will be better appreciated when it is noted that but forty-one out of two hundred and fifty first grade schools of the state are accredited. This means that the work of our High school is accepted by practically every college and university in the North Central states.

### Medical Society Meets.

The Licking County Medical society met in regular session at their room in the court house on Tuesday afternoon at 2 o'clock. There was a very good attendance, and many very interesting cases were reported and discussed.

Dr. Heston of Pataskala, read a very able paper on the subject of "Prosthetics" which elicited much discussion.

Dr. Wright was elected an active member. Delegates to the State Medical society which meets in Columbus on May 10, 11 and 12, were appointed. After much promiscuous business the society adjourned to meet on the first Tuesday in June.

## BARBERS WANT A LICENSE LAW

The Ohio branch of the Journeymen Barbers' International Union was organized at the Trades Assembly hall, Columbus. The officers elected were: President J. P. Doll, Toledo; vice president, T. V. Patterson, Newark; Jos. Mayung, Cincinnati; and William H. Bonnell, Cleveland; secretary-treasurer, Henry Olendorf, Columbus.

The next convention will be held at Dayton, May 1, 1907.

The executive board was instructed to draft a barbers' license bill, which, among other things, shall provide that all apprentices serve three years before they are recognized as journeymen barbers, that a barber's license be required for every workman in the state, and that sanitary requirements be specified looking chiefly to the abolishment of the use of sponges and the requirement of the sterilization of all tools.

The convention unanimously declared in favor of Sunday closing.

### New Paper Patterns.

The suspender skirt is the novelty of the season, and no more graceful mode has been shown for many a day; it is worn with the lingerie waists that are shown in such dainty and elaborate designs, as well as with the more matter-of-fact shirt waist and blouse. A recent one is portrayed on page 4 of the June Peerless Fashion Sheet which may be had for the asking at the Pattern Department of The Powers-Miller Company.

The gimp costume is another new style, shown on page 2 of the same sheet, and two Redingotes are illustrated on pages 2 and 8. The latest thing in bodices is the shirred waist with butterfly sleeves and there is a revival of the Norfolk costume.

Buckeye Lake Park opens May 14.

Disappeared From Uncle's Home During the Night and Took a Long Trip to New Castle.

Bladensburg, O., May 3—Lila Van Winkle, aged 20, disappeared during the night from the home of her uncle, with whom she made her home, and was found in the morning at the home of Henry Spackman, between Esto and New Castle. It is thought that the woman's mind was deranged. She was not missed until morning. Miss Van Winkle had taken some articles of clothing with her. She had not, however, intimated that she was going or that she was not satisfied with her surroundings.
